at their December 16th meeting, Chief Moran submitted a breakdown of costs for a new officer for the remainder of the 1987 fiscal year, with a salary of $7,540 and benefits of $2,000. As of July 1, 1987 (when the fiscal 1988 budget begins) the additional officer's salary will be $15,943 and $3,930 in benefits.

The addition of another full-time officer will make a total of 14 full-time officers. After checking the legality of needing to go to

THE UNUSUAL ALIGNMENT OF SUN, MOON AND EARTH PRODUCED GREAT HAVOC ON THE EAST COAST OF MASSACHUSETTS DUE TO THE STORM DIRECTION. FORTUNATELY, FOR US, THE WILD WIND WAS OFF-SHORE. A LOOK AT THE HEIGHTH OF THE TIDE AT MATTAPOISETT WHARF REVEALED VERY LITTLE WHARF, SO IT TAKES VERY LITTLE IMAGINATION TO PREDICT THE RESULT HAD THE SAME WIND BEEN ONSHORE INSTEAD OF OFF. town meeting to add a police officer, it was determined the by-laws did not apply because this was not a new position - just an addition to the staff. (When Town Accountant Betty Sears got a new clerk this had to go to town meeting as it created a new position.)

Selectman James F. Huntoon commented, "Everytime you turn around there are new faces. I would like to see some permanency in the part-timers." Chief Moran noted in his report that the salary would come from the part-time wages, reducing that line for the salary only. By appointing a full-time officer this would reduce from seven shifts per week to two shifts per week. Part-time officers would also work details, vacation, comp time and Water Street beat, the Chief noted.

In other business, Selectmen:

ANNOUNCED NEW PENALTIES for violations to the sanitary landfill regulations, effective January 1st. After verifying them with town counsel, they include: failure to comply with any regulation or lawful order of the Board of Health or its agent with regard to the use of the landfill may result in the suspension or cancellation of the right to use the landfill. lation of these regulations and each occurrence shall be considered a separate violation.

Other regulations include: to obtain a resident sticker registration must be shown; the sticker must be permanently attached to the left front bumper; non-resident contractors will obtain a daily permit at the Selectmen's office. Upon entering the landfill, the contractor's driver will be given a load slip. They must return the permit and load slips to the Selectmen's officer before 4 p.m. of the same day. At that time a fee of $5. per load will be charged, equal to the number of load slips. The Board of Health will also receive copies of the load slips to prevent discrepancies in the number of loads and amount of fees paid.

Regulations continued: Common refuse haulers must register with the Selectmen's office before the first of every month. Each time the truck enters the landfill a load slip will be given to the driver, and at the end of each month the company will be billed at a rate of $5. per load, an amount equal to the number of slips issued; no stumps will be accepted until further notice; only four tiers per load per month.

right, chairman of the newly formed Growth Management Study Committee, that Thomas A. Pisataro, manager of Comprehensive Planning of Southeastern Regional Economic Planning and Development District (SRPEDD), has been notified of Mattapoisett's intent to embark on a growth study. The town has a total of 40 hours to its credit with SRPEDD - 20 hours to the Selectmen's delegate and 20 hours to the Planning Board's delegate.

As envisioned by Kortwright (the Selectmen's delegate) and William H. Matthews (the Planning Board's delegate) they are requesting assistance from SRPEDD to develop a growth management study or plan for Mattapoisett. Initially, to design the program, process, committee size, structure and charge and to see the committee off to a sound start. There are no current plans in the town; however, there appears to be some environmental and demographic data and information. The first six months should be both exploratory and comprehensive. The study committee would like to have a preliminary report by May 1987 and the bulk of the work completed by May 1988 by SRPEDD, the two delegates requested.

APPROVED A PERMIT for Kaaren L. Wileczka to operate the Ice Cream Slip on the wharf. She attended the meeting and assured the Selectmen she would continue to operate the business in the same manner as last year (her first year).

Selectmen Chairman John N. DeCosta commented that Kaaren ran the business very well and that it was kept clean. "We have heard only good reports about the operation from both year round and summer residents who

MATTAPOISETT SELECTMEN'S MEETING
DECEMBER 30,1986-by VIRGINIA ARRAL
ADULT DAY CARE CENTER
WELCOMED BOARD'S HELP

At the brief Selectmen's meeting a letter was read from the newly opened Friendly Harbor - adult day care center, located at the Knights of Columbus Hall on Route 6 - thanking the Board for its assistance in getting the center started.

The letter went on to say the new center is administered by Whaling City Regional Adult Day Health Care Center, Inc. and provides fellowship, support, activities and health care services to men and women with short or long-term disabilities who need some medical supervision. The center accepts adults 16 years of age and over. The center services Greater New Bedford area, and Marion, Mattapoisett and Rochester with supervision by a registered nurse.

The Center particularly wanted to thank the Knights of Columbus for their cooperation in setting up the hall and with the building of a handicapped ramp.

Selectmen announced the arrival of the new ambulance made possible by the donation of funds from an anonymous donor. It will be in operation as soon as the doors are lettered and new medical equipment has been installed.

Open Burning Permits

FROM FIRE CHIEF DONALD WOOD

Open burning begins in the Town of Mattapoisett on January 15th.

All burning permits this year will have to be applied for in person at the Police Station.

A written permit will be issued for one day only. Fires can not be started before 10 a.m. and must be completely out by 4 p.m.

The decision to allow burning on any given day will be decided by the Fire Chief, so there may be some days when burning will not be allowed.

"Years of the Beast"

FILM AT ROCHESTER CHURCH

Years of the Beast is a fast-moving feature length dramatic film that explores what might happen in the end time years through an action-packed story.

Experience society where money is worthless, food is scarce, your neighbor is your enemy, and oppression reigns. Watch the ultimate forces of God and Satan prepare for the final battle. Feel the great triumph of Christ's return. Look up with encouragement, "for our re-

Memorial Service

A memorial service will be held for Joanna Lewandowska-Smolenska on Monday, January 12th, at 3 p.m. at Saint Anthony's Church in Mattapoisett, conducted by the Reverend Stanley J. Kolasa.

Witold Smolenski and his wife, Joanna, were involved in an automobile accident on December 31st which resulted in her death. Her body will be returned to the Smolenski family gravesite in Powazki Cemetery in Warsaw, Poland.

While in this country for the holidays, they were the house guests of Mrs. Willis Munro and Witold's father, Frank Smolenski. Mrs. Munro and Mr. Smolenski cordially invite their friends to share in this service in loving memory of Joanna.

Boating Course

The Marion Flotilla 1-607, U. S. Coast Guard Auxiliary, will be holding boating classes beginning in January. These classes will be coordinated by Flotilla Public Education Officer Margaret Ishihara of Marion.

The popular Boating Skills and Seamanship (power) and Sailing and Seamanship (sailing) courses will register and begin on Wednesday, January 7th, at 7:00 p.m. Once again, these classes will be coordinated to allow family members of differing interests to attend a class at the same time. Both courses will run for a total of 13 weeks, with one 2-hour class per week, and a final exam.

The relatively new Coastal Piloting Course will begin with registration and the first class on Sunday, January 11th, at 6:00 p.m. This piloting course is designed for experienced day boaters who want to expand their cruising horizons. People interested in this course are expected to know the basics of boating, whether their interest be power or sail. There will be 12 to 15 two-hour sessions, culminating in a practical piloting problem. Those who successfully pass this

course will find the local boating scene very different next summer, and be much more confident on the Bay. Registration and the classes will be held at the V.F.W. Headquarters on Front Street in Marion. As usual, the only fee involved will be one to register each student, and to purchase any needed materials, if none can be begged, borrowed, or ---- from former students. For those interested in attending both a boating course and the piloting course, a single registration fee will be charged. For more information call Jim Porter at 758-6051, or Buzz Clarke at 748-0525.

In 1987 Joan Andersen of Mattapoisett, Vice-Commander in 1984, 1985 and 1986, will take over the Flotilla Commander's gavel from Jim Porter. Carl Whitcomb of Wareham assumes the duties of Vice-Commander.

The Coast Guard Auxiliary is open to all U.S. citizens aged 17 or older. The Auxiliary is not a military or a police organization. The members are civilian volunteers who aid the Coast Guard in activities the Coast Guard cannot do at present, such as Public Education, the Courtesy Marine Examination, or the Academy introduction mission; or in activities in which the Coast Guard may need extra manpower, such as the weekend and holiday Auxiliary Safety Patrols, the station watch-stander program, or chart updating activities.

School Improvement Council

OLD COLONY

With the approval of the District School Committee, the School Improvement Council at Old Colony Regional Vocational-Technical High School has established its recommendations for the expenditure of School Improvement Council funds as allowed under Chapter 188, the Massachusetts Educational Reform Bill. The Council, comprised of teachers, parents, students, and community representatives, has been meeting during the past three months to review proposals to improve the educational opportunities at Old Colony.

The Council established two priorities in formulating its recommendations. First, the Council attempted to increase the exposure of Old Colony students to the Arts and Humanities; and second, to expand community awareness of the school's activities and in so doing increase parental involvement.

Included in the Council's recommendations is the development of a parent/community newsletter to be distributed to Old Colony parents and community groups. The council also established a fund to provide field trips, which as a result of budget constraints, have been virtually nonexistent for the past few years. Priority will be given to field trips which increase student exposure to the Arts and Humanities. In addition, money has been allocated for assemblies with a similar priority.

The Council also allocated funds to establish an Honor Society, to develop a Drug and Alcohol Awareness Program and to produce a videotape concerning the educational opportunities at Old Colony. The videotape will be used with the eighth grade admissions process, at open house activities and with community groups.

All of the proposals will be fund-

JANUARY BIRTHSTONE
GARNET

How fortunate that the GARNET is in abundant supply, for it is an exceptional jewel. This stone is not just one gem, but an entire family of gems found in almost every part of the world and available in every color ... except blue.

As a birthstone, the GARNET stands for constancy, true friendship and fidelity, a fact which makes the GARNET an especially appropriate gift for one's friends or family.

Best known among the members of the GARNET family are the deep red varieties, the Pyrope and the Almandite. The Pyrope, which derives its name from the Greek word meaning "Firelike", lends itself especially well to massed effects. It is seen most often in the elaborate designs popular during the Victorian Era.

It was the Pyrope GARNET also that figured in the ancient Talmudic legend which held that the only light in Noah's ark was supplied by an enormous Red GARNET. Still another dominant ancient culture must have known the GARNET, for the very word itself is of Latin derivation.

Gems in the Garnet group are silicates of Calcium, Magnesium, Iron and Manganese.

"PLANNING WEDDINGS 1987"

On Sunday, January 25th, from 10:00 a.m. to 6:00 p.m. the Rotch-Jones-Duff House & Garden Museum, located at 396 County Street in New Bedford, will host a special presentation on planning weddings. Displays and informational presentations by various area wedding specialists will make it possible for the bride-to-be to choose all the components in one day for a successful wedding or to fill in any gaps she may have in her wedding plans.

Exhibitors will include jewelers, bridal salons, florists, gift and accessory shops, caterers, printers, function rentals and a cosmetologist. Representatives will be available to assist in co-ordinating your specific wedding plans.

Special events include: "Planning a Trousseau" by Richard Sadow; "Floral Arrangements" by David Quick; "China and Crystal Selection" by Byron Ford; and "Menu Planning". Two fashion shows will be sponsored by "Terry Lynn's" and "Delilah's Bridals". In addition, a Chinese auction will be held.

The admission fee is $3.00 and

Stop Smoking Clinic

On Monday, January 12th, two free introductory sessions to the "STOP SMOKING CLINIC" will be offered at the Wareham Town Hall, one at 6 p.m. and one at 8 p.m. Tobey Hospital is sponsoring the program which will be available on an ongoing basis. This first, free, no obligation session will be an informative one-hour overview of the program.

The STOP SMOKING CLINIC is a non-profit community service which helps people succeed in quitting smoking permanently. This program is offered and endorsed by over thirty-five hospitals in New England, and is now being offered locally by Tobey Hospital.

The month-long program will meet twice weekly at the Hospital on Sundays and Wednesdays. The program uses group and individualized methods to help each participant overcome his or her smoking habit.

distance dialing assistance, credit for misdialed calls and rate and area code information.

Most calling procedures remain the same, however, because the majority of customers will continue to dial "0" plus area code and phone number to reach AT&T operators for assistance with AT&T card calls, collect, person-to-person, and third-number billing calls.

"We expect the effect on callers to be minimal since most customers already dial 0 + area code + number for their operator assisted calls," said Cecila Clickner, operator services manager in Brockton. "Like every other change, this one will take a little time to get used to."

For example, Marion callers who want to know the cost of a five-minute call to Springfield or how to dial direct to Paris, France, dial "0" today and reach an AT&T operator. Beginning January 14th, callers will dial "00".

AT&T operators will continue to assist eastern Massachusetts customers with long distance calls to the 413 area code, other states and foreign countries. Local telephone company operators will handle only calls within the 617 area code.

QUESTION:

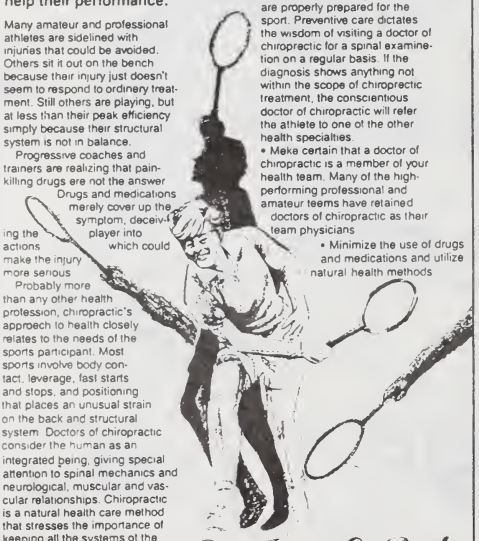
WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinery treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury risk and fast recuperative powers.



Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Make certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teams have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods.

The first display will feature the works of Anne Converse, a photographer, and Nancy Mitton, a painter. Both are from Marion. The exhibit will begin with an open house and reception for the artists on Sunday, January 11th, from 2 to 4 p.m. in the main lobby of the hospital. The public is invited to attend. Light refreshments will be served.

A documentary photographer, Ms. Converse's work depicts many portraits and landscapes of local people and places. The exhibit will include several aerial shots of local harbors including Marion and Wareham.

A graduate of the New England School of Photography in Boston, Ms. Converse has been doing photography professionally for the past five years. She has exhibited at the Marion Art Center and at a group photography exhibit at Commonwealth Pier in Boston. In addition to her work locally, she has done extensive photography in Ireland and France.

"I have a journalistic approach to my work," said Ms. Converse. "I'm not an abstract photographer. My photos record what is going on. They have a sense of reality to them."

Ms. Converse noted that she attempts "to show people things they normally don't see, something different that I can convey. I feel good that my photographs can give people a new insight on something -- touch on their humanistic instincts."

Nancy Mitton's works have been described as realist paintings with "a special dynamic and dramatic combination of qualities". Working primarily with oils on canvas, Ms. Mitton "makes the viewer perceive an image larger than the narrative portrayed on canvas. She achieves this feeling with her use of saturated color and defined light and shadow combined with a familiarity of the world in which she lives".

"I try to convey a sense of place," said Ms. Mitton, a majority of whose works depict landscapes of area harbors, marshes and ponds. It's more important for me that a painting feel like that place than be a photographic representation if it."

COLLEGE CREDIT FOR
PUBLIC TELEVISION'S "PLANET EARTH"

Viewers of public television's Emmy award winning series, "Planet Earth", will be able to earn three college-level credits in physics from Southeastern Massachusetts University's Division of Continuing Studies. The seven-week series airs Mondays on Channel 2, beginning at 8 p.m. January 19th. It repeats Sundays at 7 p.m., beginning January 25th.

Filmed on all seven continents, in space and on the ocean floor, the series reports the explosion of knowledge about our planet which has emerged since the International Geophysical Year (IGY) 30 years ago.

Among the topics explored in the series are the theory of plate tectonics, one of the most important discoveries of the 20th Century; the unexplored ocean frontier; and the Earth's "normal climate", which scientists believe no human beings have ever experienced.

Course instructor at SMU will be John Silva, a visiting professor of physics. The course includes

HERB GARDEN WORKSHOP

Learn to design and tend your own herb garden in an "Herb Garden Design and Cultivation" workshop at Plimoth Plantation on Tuesday, January 20th. Staff herbalist Darlene Beauvais will instruct participants in selecting the best site for a garden, laying out herbs in geometric patterns, and cultivating annual, biennial and perennial herbs from spring planting to bedding down in early winter. The workshop will be held from 6:30 p.m. to 8:00 p.m. at the Winslow Membership House, 10 River Street, Plymouth.

Class members will design their own garden arrangement, using patterns dating from the Elizabethan Age and earlier. Participants will learn that basil was used to soothe the stings of venomous beasts, angelica was used to ward off the

A New Year of programs begins at the Children's Museum in South Dartmouth. Some upcoming programs that are free with Museum admission are:

January 11th, from 2 to 4, we will make "CLOTHESPIN CREATURES". Join us to discover what an ordinary clothespin can be used to create.

January 17th, from 2 to 3:30 we will have a very special program on "HIEROGLYPHICS"; and on January 18th from 2 to 4 p.m. we will make "BALLOONEY ANIMALS". Come and learn how to create your favorite animals or objects from balloons.

Remember, these above listed programs are free with Museum admission and open to all ages.

On January 16th and 17th we offer a two-part program, "CREATE A COMMERCIAL". This program is limited to 10 children. On January 16th, from 3:30 to 5, the group will all brainstorm to create an actual commercial for our Museum. They will have to combine their ideas and write a script. On January 17th, from 3:30 to 5:00, the same group of children will (with their parents) go to WBSM Radio Station and under watchful eyes of Phil Paleologos they will actually record their commercial. TAKE A CLOSER LOOK AT TREES & SHRUBS

How do you tell one tree from another in the winter? With the leaves now gone from all but our evergreen trees and shrubs, a careful examination of twigs, buds and bark is called for to help in the identification of most of our local species of woody plants. Introduction to Bud and Twig Identification is the topic of the Lloyd Center's Weekly Walk on Sunday, January 18th, at 1:30 p.m.

Careful observation, a hand lens, and a field guide are all one needs to begin learning about neighboring woodlands during the winter months. Walk leader Bill Chamberlin will introduce the group to the more common deciduous tree and shrub species on the Lloyd Center property. The Center will provide hand lenses and field guides. Dress warmly. We will spend most of the time outdoors.

There is no fee for this walk, though pre-registration is required. To register, please call 990-0505. Participants should meet at the Lloyd Center, 430 Potomska Road,

Acadia National Park, February 15-20. The students, accompanied by three Lloyd Center staff, will stay at the National Park's Blackwoods Campground, set in a dense spruce-fir forest, and close to hiking trails as well as the majestic rocky coastline.

Acadia National Park comprises 108 square miles of mountains, conifer forests, and shoreside caves surrounding Sommes Sound, the only fjord on the U. S. Atlantic Coast. Winter offers an opportunity to explore the park and experience solitude without the enormous seasonal crowds.

Participants will learn skills necessary to stay warm and dry camping and hiking in the winter. If snow conditions permit, the group will ski some of the Park's many carriage roads (closed to automobiles). Wildlife on the island and just offshore is plentiful and sightings of animals and their signs will contribute to this exciting Acadia experience. Last year's expedition members sighted two Bald Eagles, seals, several owls, and followed
